

## Attention: Volunteers Looking for Joy

### How do you create joy that multiplies?

Facilitate an Alzheimer's service project, ***Making Tired Eyes Smile***.

### How do you make a difference in the lives of others?

Volunteer to scribe creative contributions from friends with Alzheimer's.

### Who sits in a circle and laughs?

Friends with Alzheimer's who are visible in your healing presence.

### Make the circle of friends' laughter ripple in your community?

Today, volunteer to give a creative voice to our elders who are on the edge of memories. Step into a friendship that rewards you. Be one who honors the journey of another. Hear your heart sing as you **make tired eyes smile**.

A volunteer for ***Making Tired Eyes Smile®*** is not defined by age, ethnic background or skills. Any person who

believes in possibilities,  
possesses an open heart,  
is flexible to the unexpected and  
commits to bringing forth what is best within self and others

is welcome to join hands and hearts in creative expression.

***Making Tired Eyes Smile®*** is a complete language arts system packaged with everything one would need to volunteer and support a volunteer: a tutorial, lesson plans and learning aids. The facility purchases the guide and prints the lesson plans. Consider these tools for a "structured conversation". Once you hone these tools, your creativity will soar with more expanding views for your friends with Alzheimer's.

***Making Tired Eyes Smile®*** is a volunteer service project. It was crafted by a volunteer for other volunteers. It is designed to support the care staff. ***Making Tired Eyes Smile®*** is an unconditional gift.

The goal is to spread circles of friends throughout the United States. This is a grassroots campaign. It will grow one circle at a time. Be on the cutting edge of a new service project that has the potential to bring joy to thousands of our friends with Alzheimer's.
